What the second has done for the first. A great symposium in next

STATE DEPARTMENT ADDRESSES BRITAIN.

tion of Policy Regarding Seizures.

MUST DEFINE CONTRABAND. SEVEN YEARS IN BUILDING.

British Empire Also Is Asked to Concede Its Liability for Cargoes Already Stopped-Berlin's Action.

Washington, Jun. 2.-The State Depart ment to-day culted by Ambanactor Clean to demand from the Drittels Porence Office a declaration or policy and a concess of Hability," relative to the science of Amer from flour by British cruisers near Delagos Buy. It is the first vincenes step this Government has taken in the matter, and the State Department officials believe the max ter will be closed up within a week. It is not seen here how tinear Britain can evade the tesse that his been mired.

The State Department, at drat of the opinfor they rise marrier was of allight importking, counsel for Plint, Eldy & Co., the total Great Britain declares her policy. The State Department agreed with Mr. Hopame's representations, and cabled Mr.

The latter replied to-day and received the supplemental instructions described-to demand from Great Britain a declaration of dicy as to foodstuffs consisted to neutral rehents in neutral territory. The United Autes make two distinct points:

First-A neutral port cannot be blockaded, ad Great Britain's blockade of Delagon They is unwarranted and contrary to the

contraband of war unless addressed to the camp of the enemy. It can even be sent chants. It certainly cannot be stopped when consigned to a neutral port to neutral

Mr. Hopkins colled the State Department's attention to the decision of the Chief which that jurist held to the very contention the United States are now making. He also showed First, Eddy & Co.'s shipbing list for the best alubiteen months ing that one intercepted shipments are regular and normal and can have no possible connection with the Transvaid.

There were no recruits on board. There

Great Britain has thus far falled to state intercepted and forced ashore at East London instead of Lorenzo Marquez. The ships pre held at East London and the cargoca re in warehouses in British possession

If the expected declaration of policy and salon of Hability are forthcoming they will mean that Great Britain will publicly subscribe to a doofrine all nations hold and that Great British has enumerated in the past, namely, that flour, corn and ment are not central and unless on their way to the enemy's camp or accredited agents, and that Great Britain will pay for the goods selzed and damages for their detention and

As a general proposition, it is considered that for England to declare foodstuffs to be contraband of war under any circumstances would be a dangerous action, masmuch as British herself relies upon the outside world for about two-thirds of her pro-

It was semiofficially reported on last Sonday that Germany had taken action-probsbly somewhat similar to that now taken by the United States-In the case of the selzure of the German imperial mail steamer Bundesrath.

BERLIN IRRITATED.

Berlin, Jan 2.-The Press continues to discuss the capture of the Bundesrath with some show of fritation. In a semioficial note the Post remarks that in consequence of the seigure Germany has taken stems and Great Britain is expected to deal with the matter in a "spirit of good official re-

There is every reason to believe the Ingident will speedily be closed.

Officials circles consider it imperative that Breat Britain adopt some definite attitude regarding the whole question of contrabard war, and are surprised she has not dopted a firmer policy on the subject from the beginning.

BELAGOA BAY NOT MENTIONED. SPECIAL BY CARLE.

Liebon, Jan. 2.-(Copyright, 1900, by James Gordon Bennett.)-The royal speech at the opening of Parliament to-day only mentions the continuation of friendly relations with all foreign Powers, not specffying any nation or referring to the Transwasl war or colonial matters. It specially mentions the actual improvement in the financial position, and says that the Government will propose several plans and arrangements for further improvement.

RELATIONS COOLER.
